JOHN JAY COLLEGE OF CRIMINAL JUSTICE

Center for Cybercrime Studies
Math & Computer Science Dept. &
Computer Science Society
present

The United States Secret Service (USSS)

Career Tracks

.

Two special agents from the USSS will be presenting on interview strategies, the application process, and the many different career tracks within the Secret Service, including those involving cybersecurity. One of the USSS's key responsibilities is protecting the nation's financial system from cyber exploits and attacks.

Wednesday, October 11 @ 1:40 pm
The Math & CS Dept. Conference Room
6th Floor, New Building, Room 6.63.37
